

On July 28, 2009, the Mansfield City Council voted 7 to 0 to approve the proposed revisions to the development plan for the Dalton Best Maid pickle plant with the following conditions:

1. Construction of the screening wall must begin by October 1, 2009, and be completed by December 1, 2009.
2. The height of the wall must be increased from 6 feet to 8 feet in order to provide better concealment of the tanks.
3. All landscaping and irrigation must be installed by December 31, 2009.
