CITIZEN COMMENTS

[play video](#)

Richard Littell - 2603 Woodbridge Trail, Mansfield - Mr. Littell spoke about the incentives the City offered the Mansfield Independent School District to build the event center at the Shops at Broad Street location. He stated the City offered a location that the Mansfield Independent School District could not afford as well as a land swap that would be in their favor. Mr. Littell asked for the city to consider that the location of the event center has limited access to Debbie Lane and Hwy 287 which would require possible road construction, road engineering and traffic signal lights. He mentioned the event center could hold crowds of up to 5,000 people and it would be used not only by the Mansfield Independent School District for graduations but it would be rented out to other school districts to hold their graduations. Mr. Littell asked that the City make the Mansfield Independent School District responsible for security, engineering, road construction, parking, roadway re-design, traffic lights and any other cost created by this facility.

Norman Herrera - 100 Energy Way, Fort Worth - Chesapeake representative Norman Herrera spoke about the gas well ordinance amendments. He spoke about the explosive charges in the gas well amendments stating there was redundant information. He asked there be a provisional permit or something for the operators to have an idea of what kind of devices are going to be used as explosives and if there is any notification required then the operator provide it to the Fire Chief and city staff within 72 hours that way they are aware what is inside each drill site. Mr. Herrera advised the operators were going to have a meeting with the Fire Chief to review the amendments and answer any questions.

Houston Mitchell - 605 St. Eric, Mansfield - Vice President of the Citizens Fire Alumni Association Houston Mitchell announced that the Citizens Fire Alumni Association was going to hold their 1st Annual Chili Cook-off on February 27, 2010 at Walnut Ridge Church. He mentioned the Association would be inviting other Fire Departments within the State of Texas as well as out of the State departments. Mr. Mitchell advised more information would be coming to the Council at the first meeting in January.
