Subject: Proposed Additional Apartments
To: Lisa Sudbury <lisa.sudbury@mansfieldtexas.gov>

Dear Mansfield City Council,

My name is Tom Debinski. On October 14, I respectfully request that you vote "no" to an additional 295 apartments on East Broad Street at Matlock. If this passes, that would mean previously approved construction of 330 apartments at Shops at Broad, plus 295 apartments would mean **625** apartments within 1/2 mile of each other. Way to much high density. Don't you think?

Additionally, I request the trees along the northern part of East Broad St and Matlock property be protected from being uprooted and torn down, when property is eventually developed (Not apartments please).

Sincerely,
Tom Debinski
