# Opening Statement

January 13, 2012

Mansfield City Council  
1200 East Broad St.  
Mansfield, Texas 76063

Dear Distinguished Members of the City Council,

The Texas legislature, in 2001, with the intent of addressing the issue of racial profiling in policing, enacted the Texas Racial Profiling Law. Since 2001, the Mansfield Marshal's Office, in accordance with the law, has been prepared to identify and address (if necessary) areas of concern regarding racial profiling practices. In the 2009 legislative session, the Racial Profiling Law was modified and newer requirements are now in place. These most recent requirements have been met by the Mansfield Marshal's Office and are being addressed in this report.

In the report, you will find three sections that contain relevant information to the Racial Profiling Law and the manner in which the Mansfield Marshal's Office has complied with this particular state requirement. In section 1, you will find the table of contents in addition to the Texas Senate Bill (SB1074) which later became the Texas Racial Profiling Law. In addition, you will find the Texas HB 3389 which, in 2009, introduced new requirements relevant to racial profiling. Also, in this section, a list of requirements relevant to the Racial Profiling Law as established by TCLEOSE (Texas Commission on Law Enforcement Officer Standards and Education) is included. In addition, you will find, in sections 2 and 3, documentation which demonstrates compliance by the Mansfield Marshal's Office relevant to the requirements as established in the Texas Racial Profiling Law. That is, documents relevant to the implementation of an institutional policy banning racial profiling, the incorporation of a racial profiling complaint process and the training administered to all law enforcement personnel, are included.

The last section of this report includes a statement related to the fact that the Marshal's Office did not make any traffic or motor vehicle contacts in 2011. The final analysis and recommendations are also included in this report.

The findings in this report serve as evidence of the Mansfield Marshal's Office's commitment to comply with the Texas Racial Profiling Law.

Sincerely,

Alex del Carmen, Ph.D.

# **TCLEOSE GUIDELINES**

## Guidelines for Compiling and Reporting Data under Senate Bill 1074

### Background

Senate Bill 1074 of the 77<sup>th</sup> Legislature established requirements in the Texas Code of Criminal Procedure (TCCP) for law enforcement agencies. The Commission developed this document to assist agencies in complying with the statutory requirements.

The guidelines are written in the form of standards using a style developed from accreditation organizations including the Commission on Accreditation for Law Enforcement Agencies (CALEA). The standards provide a description of *what* must be accomplished by an agency but allows wide latitude in determining *how* the agency will achieve compliance with each applicable standard.

Each standard is composed of two parts: the standard statement and the commentary. The *standard statement* is a declarative sentence that places a clear-cut requirement, or multiple requirements, on an agency. The commentary supports the standard statement but is not binding. The commentary can serve as a prompt, as guidance to clarify the intent of the standard, or as an example of one possible way to comply with the standard.

### Standard 1

Each law enforcement agency has a detailed written directive that:

- clearly defines acts that constitute racial profiling;
- strictly prohibits peace officers employed by the agency from engaging in racial profiling;
- implements a process by which an individual may file a complaint with the agency if the individual believes a peace officer employed by the agency has engaged in racial profiling with respect to the individual filing the complaint;
- provides for public education relating to the complaint process;
- requires appropriate corrective action to be taken against a peace officer employed by the agency who, after investigation, is shown to have engaged in racial profiling in violation of the agency's written racial profiling policy; and
- requires the collection of certain types of data for subsequent reporting.

### Commentary

Article 2.131 of the TCCP prohibits officers from engaging in racial profiling, and article 2.132 of the TCCP now requires a written policy that contains the elements listed in this standard. The article also specifically defines a law enforcement agency as it applies to this statute as an "agency of the state, or of a county, municipality, or other political subdivision of the state, that employs peace officers who make traffic stops in the routine performance of the officers' official duties."

The article further defines race or ethnicity as being of "a particular descent, including Caucasian, African, Hispanic, Asian, or Native American." The statute does not limit the required policies to just these ethnic groups.

This written policy is to be adopted and implemented no later than January 1, 2002.

## **Standard 2**

Each peace officer who stops a motor vehicle for an alleged violation of a law or ordinance regulating traffic, or who stops a pedestrian for any suspected offense reports to the employing law enforcement agency information relating to the stop, to include:

- a physical description of each person detained, including gender and the person's race or ethnicity, as stated by the person, or, if the person does not state a race or ethnicity, as determined by the officer's best judgment;
- the traffic law or ordinance alleged to have been violated or the suspected offense;
- whether the officer conducted a search as a result of the stop and, if so, whether the person stopped consented to the search;
- whether any contraband was discovered in the course of the search, and the type of contraband discovered;
- whether probable cause to search existed, and the facts supporting the existence of that probable cause;
- whether the officer made an arrest as a result of the stop or the search, including a statement of the offense charged;
- the street address or approximate location of the stop; and
- whether the officer issued a warning or citation as a result of the stop, including a description of the warning or a statement of the violation charged.

## **Commentary**

The information required by 2.133 TCCP is used to complete the agency reporting requirements found in Article 2.134. A peace officer and an agency may be exempted from this requirement under Article 2.135 TCCP Exemption for Agencies Using Video and Audio Equipment. An agency may be exempt from this reporting requirement by applying for the funds from the Department of Public Safety for video and audio equipment and the State does not supply those funds. Section 2.135 (a)(2) states, "the governing body of the county or municipality served by the law enforcement agency, in conjunction with the law enforcement agency, certifies to the Department of Public Safety, not later than the date specified by rule by the department, that the law enforcement agency needs funds or video and audio equipment for the purpose of installing video and audio equipment as described by Subsection (a) (1) (A) and the agency does not receive from the state funds for video and audio equipment sufficient, as determined by the department, for the agency to accomplish that purpose."

## **Standard 3**

The agency compiles the information collected under 2.132 and 2.133 and analyzes the information identified in 2.133.

## **Commentary**

Senate Bill 1074 from the 77<sup>th</sup> Session of the Texas Legislature created requirements for law enforcement agencies to gather specific information and to report it to each county or municipality served. New sections of law were added to the Code of Criminal Procedure regarding the reporting of traffic and pedestrian stops. Detained is defined as when a person stopped is not free to leave.

Article 2.134 TCCP requires the agency to compile and provide an analysis of the information collected by peace officer employed by the agency. The report is provided to the governing body of the municipality or county no later than March 1 of each year and covers the previous calendar year.

There is data collection and reporting required based on Article 2.132 CCP (tier one) and Article 2.133 CCP (tier two).

The minimum requirements for “tier one” data for traffic stops in which a citation results are:

- 1) the race or ethnicity of individual detained (race and ethnicity as defined by the bill means of “a particular descent, including Caucasian, African, Hispanic, Asian, or Native American”);
- 2) whether a search was conducted, and if there was a search, whether it was a consent search or a probable cause search; and
- 3) whether there was a custody arrest.

The minimum requirements for reporting on “tier two” reports include traffic and pedestrian stops. Tier two data include:

- 1) the detained person’s gender and race or ethnicity;
- 2) the type of law violation suspected, e.g., hazardous traffic, non-hazardous traffic, or other criminal investigation (the Texas Department of Public Safety publishes a categorization of traffic offenses into hazardous or non-hazardous);
- 3) whether a search was conducted, and if so whether it was based on consent or probable cause;
- 4) facts supporting probable cause;
- 5) the type, if any, of contraband that was collected;
- 6) disposition of the stop, e.g., arrest, ticket, warning, or release;
- 7) location of stop; and
- 8) statement of the charge, e.g., felony, misdemeanor, or traffic.

Tier one reports are made to the governing body of each county or municipality served by the agency an annual report of information if the agency is an agency of a county, municipality, or other political subdivision of the state. Tier one and two reports are reported to the county or municipality not later than March 1 for the previous calendar year beginning March 1, 2003. Tier two reports include a comparative analysis between the race and ethnicity of persons detained to see if a differential pattern of treatment can be discerned based on the disposition of stops including searches resulting from the stops. The reports also include information relating to each complaint filed with the agency alleging that a peace officer employed by the agency has engaged in racial profiling. An agency may be exempt from the tier two reporting requirement by applying for the funds from the Department of Public Safety for video and audio equipment and the State does not supply those funds [See 2.135 (a)(2) TCCP].

Reports should include both raw numbers and percentages for each group. Caution should be exercised in interpreting the data involving percentages because of statistical distortions caused by very small numbers in any particular category, for example, if only one American Indian is stopped and searched, that stop would not provide an accurate comparison with 200 stops among Caucasians with 100 searches. In the first case, a 100% search rate would be skewed data when compared to a 50% rate for Caucasians.

#### **Standard 4**

If a law enforcement agency has video and audio capabilities in motor vehicles regularly used for traffic stops, or audio capabilities on motorcycles regularly used to make traffic stops, the agency:

- adopts standards for reviewing and retaining audio and video documentation; and
- promptly provides a copy of the recording to a peace officer who is the subject of a complaint on written request by the officer.

#### **Commentary**

The agency should have a specific review and retention policy. Article 2.132 TCCP specifically requires that the peace officer be promptly provided with a copy of the audio or video recordings if the officer is the subject of a complaint and the officer makes a written request.

**Standard 5**

Agencies that do not currently have video or audio equipment must examine the feasibility of installing such equipment.

**Commentary**

None

**Standard 6**

Agencies that have video and audio recording capabilities are exempt from the reporting requirements of Article 2.134 TCCP and officers are exempt from the reporting requirements of Article 2.133 TCCP provided that:

- the equipment was in place and used during the proceeding calendar year; and
- video and audio documentation is retained for at least 90 days.

**Commentary**

The audio and video equipment and policy must have been in place during the previous calendar year. Audio and video documentation must be kept for at least 90 days or longer if a complaint has been filed. The documentation must be retained until the complaint is resolved. Peace officers are not exempt from the requirements under Article 2.132 TCCP.

**Standard 7**

Agencies have citation forms or other electronic media that comply with Section 543.202 of the Transportation Code.

**Commentary**

Senate Bill 1074 changed Section 543.202 of the Transportation Code requiring citations to include:

- race or ethnicity, and
- whether a search of the vehicle was conducted and whether consent for the search was obtained.

# **The Texas Law on Racial Profiling**

AN ACT

relating to the prevention of racial profiling by certain peace officers.

BE IT ENACTED BY THE LEGISLATURE OF THE  
STATE OF TEXAS:

SECTION 1. Chapter 2, Code of Criminal Procedure, is amended by adding Articles 2.131 through 2.138 to read as follows:

Art. 2.132. LAW ENFORCEMENT POLICY ON RACIAL PROFILING. (a) In this article:

(1) "Law enforcement agency" means an agency of the state, or of a county, municipality, or other political subdivision of the state, that employs peace officers who make traffic stops in the routine performance of the officers' official duties.

(2) "Race or ethnicity" means of a particular descent, including Caucasian, African, Hispanic, Asian, or Native American descent.

(b) Each law enforcement agency in this state shall adopt a detailed written policy on racial profiling. The policy must:

(1) clearly define acts constituting racial profiling;

(3) implement a process by which an individual may file a complaint with the agency if the individual believes that a peace officer employed by the agency has engaged in racial profiling with respect to the individual;

(4) provide public education relating to the agency's complaint process;

(5) require appropriate corrective action to be taken against a peace officer employed by the agency who, after an investigation, is shown to have engaged in racial profiling in violation of the agency's policy adopted under this article;

(6) require collection of information relating to traffic stops in which a citation is issued and to arrests resulting from those traffic stops, including information relating to:

(c) The data collected as a result of the reporting requirements of this article shall not constitute prima facie evidence of racial profiling.

(d) On adoption of a policy under Subsection (b), a law enforcement agency shall examine the feasibility of installing video camera and transmitter-activated equipment in each agency law enforcement motor vehicle regularly used to make traffic stops and transmitter-activated equipment in each agency law enforcement motorcycle regularly used to make traffic stops. If a law enforcement agency installs video or audio equipment as provided by this subsection, the policy

adopted by the agency under Subsection (b) must include standards for reviewing video and audio documentation.

(e) A report required under Subsection (b)(7) may not include identifying information about a peace officer who makes a traffic stop or about an individual who is stopped or arrested by a peace officer. This subsection does not affect the collection of information as required by a policy under Subsection (b)(6).

(f) On the commencement of an investigation by a law enforcement agency of a complaint described by Subsection (b)(3) in which a video or audio recording of the occurrence on which the complaint is based was made, the agency shall promptly provide a copy of the recording to the peace officer who is the subject of the complaint on written request by the officer.

(1) a physical description of each person detained as a result of the stop, including:

(A) the person's gender; and

(B) the person's race or ethnicity, as stated by the person or, if the person does not state the person's race or ethnicity, as determined by the officer to the best of the officer's ability;

(2) the traffic law or ordinance alleged to have been violated or the suspected offense;

(3) whether the officer conducted a search as a result of the stop and, if so, whether the person detained consented to the search;

(4) whether any contraband was discovered in the course of the search and the type of contraband discovered;

(5) whether probable cause to search existed and the facts supporting the existence of that probable cause;

(6) whether the officer made an arrest as a result of the stop or the search, including a statement of the offense charged;

(7) the street address or approximate location of the stop; and

Not later than March 1 of each year, each local law enforcement agency shall submit a report containing the information compiled during the previous calendar year to the governing

body of each county or municipality served by the agency in a manner approved by the agency.

(c) A report required under Subsection (b) must include:

(1) a comparative analysis of the information compiled under Article 2.133 to:

(A) determine the prevalence of racial profiling by peace officers employed by the agency; and

(B) examine the disposition of traffic and pedestrian stops made by officers employed by the agency, including searches resulting from the stops; and

(2) information relating to each complaint filed with the agency alleging that a peace officer employed by the agency has engaged in racial profiling.

(d) A report required under Subsection (b) may not include identifying information about a peace officer who makes a traffic or pedestrian stop or about an individual who is stopped or arrested by a peace officer. This subsection does not affect the reporting of information required under Article 2.133(b)(1).

(e) The Commission on Law Enforcement Officer Standards and Education shall develop guidelines for compiling and reporting information as required by this article.

(f) The data collected as a result of the reporting requirements of this article shall not constitute prima facie evidence of racial profiling.

Art. 2.135. EXEMPTION FOR AGENCIES USING VIDEO AND AUDIO EQUIPMENT. (a) A peace officer is exempt from the reporting requirement under Article 2.133 and a law enforcement agency is exempt from the compilation, analysis, and reporting requirements under Article 2.134 if:

(1) during the calendar year preceding the date that a report under Article 2.134 is required to be submitted:

(A) each law enforcement motor vehicle regularly used by an officer employed by the agency to make traffic and pedestrian stops is equipped with video camera and transmitter-activated equipment and each law enforcement motorcycle regularly used to make traffic and pedestrian stops is equipped with transmitter-activated equipment; and

(b) Except as otherwise provided by this subsection, a law enforcement agency that is exempt from the requirements under Article 2.134 shall retain the video and audio or audio documentation of each traffic and pedestrian stop for at least 90 days after the date of the stop. If a complaint is filed with the law enforcement agency alleging that a peace officer employed by the agency has engaged in racial profiling with respect to a traffic or pedestrian stop, the agency shall retain the video and audio or audio record of the stop until final disposition of the complaint.

(c) This article does not affect the collection or reporting requirements under Article 2.132.

Art. 2.136. LIABILITY. A peace officer is not liable for damages arising from an act relating to the collection or reporting of information as required by Article 2.133 or under a policy adopted under Article 2.132.

Art. 2.137. PROVISION OF FUNDING OR EQUIPMENT.

(a) The Department of Public Safety shall adopt rules for providing funds or video and audio equipment to law enforcement agencies for the purpose of installing video and audio equipment as described by Article 2.135(a)(1)(A), including specifying criteria to prioritize funding or equipment provided to law enforcement agencies. The criteria may include consideration of tax effort, financial hardship, available revenue, and budget surpluses. The criteria must give priority to:

(1) law enforcement agencies that employ peace officers whose primary duty is traffic enforcement;

(2) smaller jurisdictions; and

(3) municipal and county law enforcement agencies.

(b) The Department of Public Safety shall collaborate with an institution of higher education to identify law enforcement agencies that need funds or video and audio equipment for the purpose of installing video and audio equipment as described by Article 2.135(a)(1)(A). The collaboration may include the use of a survey to assist in developing criteria to prioritize funding or equipment provided to law enforcement agencies.

(c) To receive funds or video and audio equipment from the state for the purpose of installing video and audio equipment as described by Article 2.135(a)(1)(A), the governing body of a county or municipality, in conjunction with the law enforcement agency serving the county or municipality, shall certify to the

Department of Public Safety that the law enforcement agency needs funds or video and audio equipment for that purpose.

(d) On receipt of funds or video and audio equipment from the state for the purpose of installing video and audio equipment as described by Article 2.135(a)(1)(A), the governing body of a county or municipality, in conjunction with the law enforcement agency serving the county or municipality, shall certify to the Department of Public Safety that the law enforcement agency has installed video and audio equipment as described by Article 2.135(a)(1)(A) and is using the equipment as required by Article 2.135(a)(1).

(5) the date and nature of the offense, including whether the offense was a serious traffic violation as defined by Chapter 522;

(6) whether a search of the vehicle was conducted and whether consent for the search was obtained;

(7) the plea, the judgment, and whether bail was forfeited;

(8) [~~7~~] the date of conviction; and

## **Policy**

It is the policy of this office to do the following;

Officers are strictly prohibited from engaging in racial profiling as defined in this policy. This policy shall be applicable to all persons, whether drivers or passengers.

Officers shall conduct themselves in a dignified and respectful manner at all times when dealing with the public. Two of the fundamental rights guaranteed by both the United States and Texas constitutions are equal protection under the law and freedom from unreasonable searches and seizures by government agents. The right of all persons to be treated equally and to be free from unreasonable searches and seizures must be respected. Racial profiling is an unacceptable patrol tactic and will not be condoned.

This policy shall not preclude officers from offering assistance, such as upon observing a substance leaking from a vehicle, a flat tire, or someone who appears to be ill, lost or confused. Nor does this policy prohibit stopping someone suspected of a crime based upon observed actions and/or information received about the person.

## Racial Profiling Continued

### (Definitions)

Racial Profiling: A law enforcement-initiated action based on an individual's race, ethnicity, or national origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity.

Racial profiling pertains to persons who are viewed as suspects or potential suspects of criminal behavior. The term is not relevant as it pertains to witnesses, complainants or other citizen contacts.

The prohibition against racial profiling does not preclude the use of race, ethnicity or national origin as factors in a detention decision. Race, ethnicity or national origin may be legitimate factors in a detention decision when used as part of an actual description of a specific suspect for whom an officer is searching. Detaining an individual and conducting an inquiry into that person's activities simply because of that individual's race, ethnicity or national origin is racial profiling. Examples of racial profiling include but are not limited to the following:

- a. Citing a driver who is speeding in a stream of traffic where most other drivers are speeding because of the cited driver's race, ethnicity or national origin.
- b. Detaining the driver of a vehicle based on the determination that a person of that race, ethnicity or national origin is unlikely to own or possess that specific make or model of vehicle.
- c. Detaining an individual based upon the determination that a person of that race, ethnicity or national origin does not belong in a specific part of town or a specific place.

A law enforcement agency can derive at two principles from the adoption of this definition of racial profiling:

1. Police may not use racial or ethnic stereotypes as factors in selecting whom to stop and search, while police may use race in conjunction with other known factors of the suspect.
2. Law enforcement officers may not use racial or ethnic stereotypes as factors in selecting whom to stop and search. Racial profiling is not relevant as it pertains to witnesses, etc.

**Race or Ethnicity**: Means of a particular descent, including Caucasian, African, Hispanic, Asian, Native American, or Middle Eastern descent.

## Racial Profiling Continued

**Motor Vehicle Stop:** Means an occasion in which a peace officer stops a motor vehicle for an alleged violation of a law or ordinance.

**Probable Cause Search:** An officer has reasonable grounds to suspect that a person has committed or is committing a crime, or that a place contains specific items connected with a crime, or a search incident to arrest.

**Consent Search:** A warrantless search after the person who has authority over the property to be searched voluntarily gives consent.

### **Racial Profiling Training**

Officers are responsible to adhere to all Texas Commission on Law Enforcement Officer Standards and Education (TCLEOSE) training requirements.

All officers shall complete TCLEOSE training and education program on racial profiling not later than the second anniversary of the date the officer is licensed under Chapter 1701 of the Texas Occupations Code or the date the officer applies for an intermediate proficiency certificate, whichever date is earlier. A person who on September 1, 2001, held a TCLEOSE intermediate proficiency certificate, or who had held a peace officer license issued by TCLEOSE for at least two years, shall complete a TCLEOSE training and education program on racial profiling not later than September 1, 2003.

Complaints will be taken from any person who believes he or she has been stopped or searched based on racial, ethnic or national origin profiling. No person shall be discouraged, intimidated or coerced from filing a complaint, nor discriminated against because he or she filed such a complaint.

B. Any employee who receives an allegation of racial profiling, including the officer who initiated the stop, shall record the person's name, address and telephone number, and forward the complaint through the appropriate channel or direct the individual(s). Any employee contacted shall provide to that person the department process for filing a complaint. All employees will report any allegation of racial profiling to their superior before the end of their shift.

## Racial Profiling Continued

Once a formal complaint is filed in person with the Internal Affairs Division (IAD), IAD is charged with conducting a thorough, systematic, unbiased, and expedient administrative investigation into allegations of misconduct. All complaints will be acknowledged in writing to the initiator who will receive disposition regarding said complaint within a reasonable period of time. The investigation shall be reduced to writing and any reviewer's comments or conclusions shall be filed with the Chief Administrator. When applicable, findings and/or suggestions for disciplinary action, retraining, or changes in policy shall be filed with the Chief Administrator.

D. If a racial profiling complaint is sustained against an officer, it will result in appropriate corrective and/or disciplinary action, up to and including termination.

E. The following will apply to data collection and reporting requirements for the City Marshals Office.

**Complaint Process: Informing the  
Public and Addressing Allegations  
of Racial Profiling Practices**

**Informing the Public on the Process of Filing a Racial Profiling Complaint with the Mansfield Marshal's Office**

The Texas Racial Profiling Law requires that police agencies provide information to the public regarding the manner in which to file a racial profiling complaint. In an effort to comply with this particular component, the Mansfield Marshal's Office launched an educational campaign aimed at informing the public on issues relevant to the racial profiling complaint process.

The police department made available, on the City of Mansfield's Web Site, information relevant to filing a complaint on a racial profiling violation by a Mansfield Marshal. It is believed that through these efforts, the community has been properly informed of the new policies and the complaint processes relevant to racial profiling.

# **Racial Profiling Training**

### **Racial Profiling Training**

Since 2004, all Mansfield Marshals have been instructed, as specified in the Texas Racial Profiling Law, to adhere to all Texas Commission on Law Enforcement Officer Standards and Education (TCLEOSE) training and the Law Enforcement Management Institute of Texas (LEMIT) requirements. To date, all sworn officers of the Mansfield Marshal's Office have completed the TCLEOSE basic training on racial profiling. The main outline used to train the officers of Mansfield has been included in this report.

It is important to recognize that the Chief Marshal has also met the training requirements, as specified by the Texas Racial Profiling Law, in the completion of the program on racial profiling. In addition, all police supervisors have been trained on racial profiling during the calendar year, 2011. The satisfactory completion of the racial profiling training by the sworn personnel of the Mansfield Marshal's Office fulfills the training requirement as specified in the Education Code (96.641) of the Texas Racial Profiling Law.

## **2.0 RACIAL PROFILING AND THE COMMUNITY**

**2.1 UNIT GOAL: The student will be able to identify logical and social arguments against racial profiling.**

**2.1.1 LEARNING OBJECTIVE: The student will be able to identify logical and social arguments against racial profiling.**

A. There are appropriate reasons for unusual traffic stops (suspicious behavior, the officer's intuition, MOs, etc.), but police work must stop short of cultural stereotyping and racism

B. Racial profiling would result in criminal arrests, but only because it would target all members of a race randomly – the minor benefits would be far outweighed by the distrust and anger towards law enforcement by minorities and the public as a whole

C. Racial profiling is self-fulfilling bad logic: if you believed that minorities committed more crimes, then you might look for more minority criminals, and find them in disproportionate numbers

D. Inappropriate traffic stops generate suspicion and antagonism towards officers and make future stops more volatile – a racially-based stop today can throw suspicion on tomorrow's legitimate stop

E. By focusing on race, you would not only be harassing innocent citizens, but overlooking criminals of all races and backgrounds – it is a waste of law enforcement resources

**3.0 RACIAL PROFILING VERSUS REASONABLE SUSPICION**

**3.1 UNIT GOAL: The student will be able to identify the elements of both inappropriate and appropriate traffic stops.**

**3.1.1 LEARNING OBJECTIVE: The student will be able to identify elements of a racially motivated traffic stop.**

A. Most race-based complaints come from vehicle stops, often since race is used as an inappropriate substitute for drug courier profile elements

B. "DWB" – "Driving While Black" – a nickname for the public perception that a Black person may be stopped solely because of their race (especially with the suspicion that they are a drug courier), often extended to other minority groups or activities as well ("Driving While Brown," "Flying While Black," etc.)

C. A typical traffic stop resulting from racial profiling

1. The vehicle is stopped on the basis of a minor or contrived traffic violation which is used as a pretext for closer inspection of the vehicle, driver, and passengers

2. The driver and passengers are questioned about things that do not relate to the traffic violation

3. The driver and passengers are ordered out of the vehicle

4. The officers visually check all observable parts of the vehicle

5. The officers proceed on the assumption that drug courier work is involved by detaining the driver and passengers by the roadside

6. The driver is asked to consent to a vehicle search – if the driver refuses, the officers use other procedures (waiting on a canine unit, criminal record checks, license-plate checks, etc.), and intimidate the driver (with the threat of detaining him/her, obtaining a warrant, etc.)

**3.1.2 LEARNING OBJECTIVE: The student will be able to identify elements of a traffic stop which would constitute reasonable suspicion of drug courier activity.**

A. Drug courier profile (adapted from a profile developed by the DEA)

1. Driver is nervous or anxious beyond the ordinary anxiety and cultural communication styles

2. Signs of long-term driving (driver is unshaven, has empty food containers, etc.)

3. Vehicle is rented

4. Driver is a young male, 20-35

5. No visible luggage, even though driver is traveling

6. Driver was over-reckless or over-cautious in driving and responding to signals

7. Use of air fresheners

B. Drug courier activity indicators by themselves are usually not sufficient to justify a stop

**3.1.3 LEARNING OBJECTIVE: The student will be able to identify elements of a traffic stop which could constitute reasonable suspicion of criminal activity.**

A. Thinking about the totality of circumstances in a vehicle stop

B. Vehicle exterior

1. Non-standard repainting (esp. on a new vehicle)

2. Signs of hidden cargo (heavy weight in trunk, windows do not roll down, etc.)

3. Unusual license plate suggesting a switch (dirty plate, bugs on back plate, etc.)

4. Unusual circumstances (pulling a camper at night, kids' bikes with no kids, etc.)

C. Pre-stop indicators

1. Not consistent with traffic flow

2. Driver is overly cautious, or driver/passengers repeatedly look at police car

3. Driver begins using a car- or cell-phone when signaled to stop

4. Unusual pull-over behavior (ignores signals, hesitates, pulls onto new street, moves objects in car, etc.)

D. Vehicle interior

1. Rear seat or interior panels have been opened, there are tools or spare tire, etc.
2. Inconsistent items (anti-theft club with a rental, unexpected luggage, etc.)

# **Report on Complaints**

**Report on Complaints**

The following table contains data regarding officers that have been the subject of a complaint, during the time period of 1/1/11---12/31/11, based on allegations outlining possible violations related to the Texas Racial Profiling Law. The final disposition of the case is also included.

A check above indicates that the Mansfield Marshal's Office has not received any complaints, on any members of its police force, for having violated the Texas Racial Profiling Law during the time period of 1/1/11 ---- 12/31/11.

# Statement on Contacts

The primary role of the Mansfield Marshal's Office is to transport individuals to and from the Mansfield jail facility. As such, the officers working for the Marshal's Office do not engage in traffic stops or motor vehicle stops. Therefore, there is no contact data to report in 2011. However, despite the fact that they have not made any contacts as defined by the Texas Racial Profiling Law, the Marshal's Office has developed and implemented a racial profiling policy while adequately addressing all of the other requirements as established by the Texas Racial Profiling Law.

# Analysis

## **Analysis**

In 2001, the Texas Legislature passed Senate Bill 1074 which later became the Texas Racial Profiling Law. The law came into effect on January 1, 2002 and required that all police departments in Texas collect traffic-related data and report this information to their local governing authority by March 1<sup>st</sup> of each year. Recently, this was changed to all motor vehicle related contacts where a citation was issued or arrest made. In addition, the law requires that all police officers indicate whether or not they knew the race or ethnicity of the individual before detaining them. Further, the new law requires that agencies report motor vehicle related data to their local governing authority and the Texas Commission on Law Enforcement Officer Standards and Education (TCLEOSE) by March 1st of each year. The purpose in collecting and presenting this information is to determine if police officers in a particular municipality are engaging in the practice of profiling minority motorists.

In addition, the Texas Racial Profiling Law requires police departments to interpret motor vehicle-related data. Even though most researchers would probably agree with the fact that it is within the confines of good practice for police departments to be accountable to the citizenry while carrying a transparent image before the community, it is very difficult to determine if police departments are engaging in racial profiling, from a review or analysis of aggregate data. In other words, it is challenging for a reputable researcher to identify specific "individual" racist behavior from aggregate-level "institutional" data on traffic or motor vehicle-related contacts.

During the 2009 legislative session, the Texas Legislature passed House Bill 3389 which modified the existing Racial Profiling Law by adding new requirements; this took effect on January 1st, 2010. These new changes include, but are not exclusive of, the re-definition of a contact to include motor vehicles where a citation was issued or an arrest made. In addition, it requires police officers to indicate if they knew the race or ethnicity of the individual before detaining them. Also, the new law requires adding "middle eastern" to the racial and ethnic category and submitting the annual traffic data report to TCLEOSE before March 1st of each year, starting this year. I am pleased to inform you that these new requirements have been addressed by the Mansfield Marshal's Office as it is demonstrated throughout this report. Therefore, the information and analysis provided in this report serves as evidence that the Mansfield Marshal's Office complied with the Texas Racial Profiling Law in 2011.
