

Kids Garage
Business Summary
ZC#17-003

The purpose of Kids Garage is to provide the residents of Mansfield and neighboring southern cities a local place to sell their slightly worn kids clothing and shop for new items. Children grow out of clothes very quickly and I feel this is a safer opportunity to resell their items without having to meet up with a stranger from a Facebook form, or have to travel to the middle of Arlington and deal with all that traffic. We plan to purchase worn clothing, shoes and baby items in very good, like new condition and offer them for purchase to other residents that may be looking for that size at a discounted price. Sizes accepted will be from newborn up to size 16 in clothes.
