CITY OF MANSFIELD UTILITY FUND REVENUE BOND COVERAGE

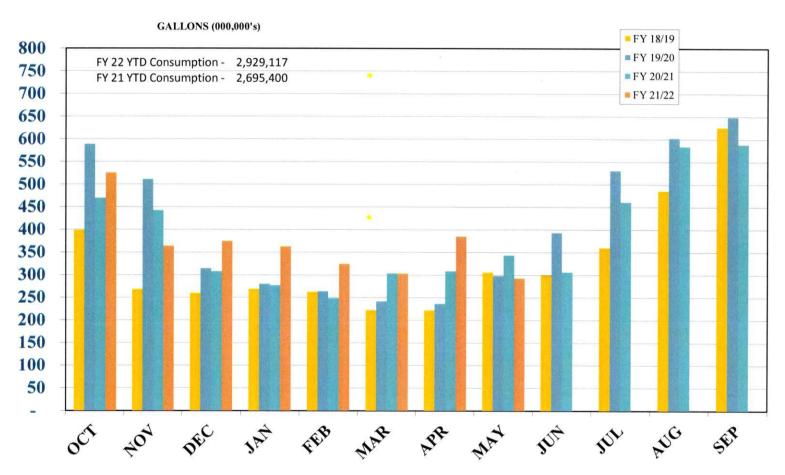

Definition of Bond Coverage:

The ordinance authorizing the issuance of Water and Sewer System revenue bonds requires that the City establish a sinking fund (Revenue Bond Sinking and Reserve Fund) in an amount not less than the average annual requirement for the payment of principal and interest on all the revenue bonds. At September 30, 2021, the sinking fund balance was sufficient to satisfy such bond ordinance requirements. The bond ordinance also contains provisions which, among other items, restricts the issuance of additional revenue bonds unless the special funds noted above contain the required amounts and the pledged revenues are equal to or greater than 1.25 times the average annual debt service requirements after giving effect to the proposed additional bonds and any proposed rate increases. The bond ordinance also requires that the annual gross revenues of the Water and Sewer System, less annual operation and maintenance expenses (excluding depreciation and amortization expense), be at least 1.10 times the annual principal and interest requirements of all then outstanding revenue bonds. The governing body has adopted a resolution stating that they want a coverage factor in excess of 1.30. During 2021, the City achieved a 3.82 bond coverage ratio which exceeded the 1.10 required by the bond ordinance. For fiscal year 2022, the bond coverage ratio is projected at 3.67.
