**File Type:** Consideration Item

### Title

Review and approval of the Semiannual Reports for the period between July 1, 2022 and December 31, 2022, on the implementation of the Capital Improvements Plan for Water, Wastewater and Roadway Impact Fees and the collection of such fees

### Description/History

The members of the Planning and Zoning Commission also serve as the members of the Capital Improvements Advisory Committee (CIAC). This committee is appointed by City Council to give advice to the Council on the City's impact fee program. In accordance with state law, the impact fees are updated every five years. The Water and Wastewater Impact Fees were updated in August, 2019. The Roadway Impact Fees were updated in July, 2015. An update to the Roadway Impact Fees is scheduled to be adopted in early 2023.

One of the duties of the CIAC is the periodic review and approval of the semiannual reports on impact fees as required by Texas statute. The reports, one for water and wastewater, and the other for roadway, show the impact fee revenue collected during the six-month reporting period and during the previous six-month period. Tables in each report depict the updated status of the water, wastewater and roadway projects included in the 10 Year Capital Improvement Plans.

Raymond Coffman, Director of Engineering Services, will be present at the meeting to answer questions related to the reports. The Committee members are encouraged to contact Mr. Coffman ([raymond.coffman@mansfieldtexas.gov](mailto:raymond.coffman@mansfieldtexas.gov), 817-276-4238) with any questions about the reports prior to the meeting.

**SEMIANNUAL REPORT**

**of**

**THE CAPITAL IMPROVEMENTS  
ADVISORY COMMITTEE**

**on**

**WATER & WASTEWATER IMPACT FEES**

for the period from  
July 1, 2022 to December 31, 2022

## Purpose

As required by Chapter 395 of the *Local Government Code*, the Capital Improvements Advisory Committee has provided this report to advise the City Council of the progress of the current Capital Improvements Plan for Water and Wastewater Impact Fees plus any perceived inequities found in implementing the plans or imposing the impact fees.

## Impact Fee Update

State law requires cities with impact fees to update their fees and the associated documents (e.g. land use assumptions and capital improvements plan) at least once every five years. In compliance with state law, the City Council updated the water and wastewater impact fees and the documents mentioned above. The updated impact fees shown below became effective on August 12, 2019.

Water Meter Size	Impact Fee Amounts for		
	Water	Wastewater	Total
3/4"	\$3,000	\$1,500	\$4,500
1"	\$5,100	\$2,550	\$7,650
1.5"	\$9,900	\$4,950	\$14,850
2"	\$24,900	\$12,450	\$37,350
3"	\$50,100	\$25,050	\$75,150
4"	\$99,900	\$49,950	\$149,850
6"	\$159,900	\$79,950	\$239,850

According to state law and City Ordinance, the updated water and sewer impact fees cannot be imposed on lots that are part of an approved preliminary or final plat until twelve months after the adoption of the fees.

## Progress of Capital Improvements Plan

The attached Tables 1 and 2 depict the updated status of the Capital Improvements Plan for Water and Wastewater Impact Fees.

## Impact Fee Collection

The fees collected during this report period are shown in the table below. The fees collected in the previous report period are also shown for comparison.

	Amounts from 01/01/22 – 06/30/22	Amounts from 07/01/22 – 12/31/22
<b>Water Impact Fee</b>	\$2,056,200.00	\$919,050.00
<b>Wastewater Impact Fee</b>	\$966,000.00	\$399,757.00

## Conclusion

The Capital Improvements Advisory Committee finds that adequate progress is being made to implement the Capital Improvements Plan for Water and Wastewater Impact Fees and that there are no apparent inequities in implementing the plans or imposing the impact fees. The committee recommends no change to the plans or the fees.

**SEMIANNUAL REPORT**

**of**

**THE CAPITAL IMPROVEMENT  
ADVISORY COMMITTEE**

**on**

**ROADWAY IMPACT FEES**

**for the period from  
July 1, 2022 to December 31, 2022**

## Purpose

As required by Chapter 395 of the *Local Government Code*, the Capital Improvements Advisory Committee has provided this report to advise the City Council of the progress of the current Capital Improvements Plans for Roadway Impact Fees plus any perceived inequities found in implementing the plans or imposing the impact fees.

## Impact Fee Update

State law requires cities with impact fees to update their fees and the associated documents (e.g., land use assumptions and capital improvements plan) at least once every five years. In compliance with state law, the City Council updated the roadway impact fees and the documents mentioned above on July 27, 2015. An update to the Roadway Impact Fees is in progress and is scheduled to be adopted in early 2023. For implementation, the City is divided into four service areas (see map below). The amount of the roadway impact fee assessed depends on the land use and the service area a lot is located within. See attached Table 1 for specific fees per land use and service area.

### Service Area Map

## Progress of Capital Improvements Plan

Table 2 depicts the updated status of the Capital Improvements Plan for Roadway Impact Fees. The roadway projects are listed in the table by service areas. The capital plan in this report is from Table 4 in the May 2015 Impact Fee Report.

## Impact Fee Collection

The amounts in the following table represent the impact fees collected during this reporting period and the previous reporting period:

<b>Service Area</b>	<b>Amounts from 01/01/22 – 06/30/22</b>	<b>Amounts from 07/01/22 – 12/31/22</b>
<b>A</b>	\$150,587.28	\$309,854.74
<b>B</b>	\$50,649.02	\$37,319.71
<b>C</b>	\$903,087.76	\$174,600.00
<b>D</b>	\$970,782.78	\$256,084.00
<b>Total</b>	\$2,075,106.84	\$777,858.45

## Conclusion

The Capital Improvements Advisory Committee finds that adequate progress is being made to implement the Capital Improvements Plan for Roadway Impact Fees and that there are no apparent inequities in implementing the plans or imposing the impact fees. The committee recommends no change to the plans or the fees.
