CITY OF MANSFIELD UTILITY FUND REVENUE BOND COVERAGE

Definition of Bond Coverage:

The ordinance authorizing the issuance of Water and Sewer System revenue bonds requires that the City establish a sinking fund (Revenue Bond Sinking and Reserve Fund) in an amount not less than the average annual requirement for the payment of principal and interest on all the revenue bonds. At September 30, 2022, the sinking fund balance was sufficient to satisfy such bond ordinance requirements. The bond ordinance also contains provisions which, among other items, restricts the issuance of additional revenue bonds unless the special funds noted above contain the required amounts and the pledged revenues are equal to or greater than 1.25 times the average annual debt service requirements after giving effect to the proposed additional bonds and any proposed rate increases. The bond ordinance also requires that the annual gross revenues of the Water and Sewer System, less annual operation and maintenance expenses (excluding depreciation and amortization expense), be at least 1.10 times the annual principal and interest requirements of all then outstanding revenue bonds. The governing body has adopted a resolution stating that they want a coverage factor in excess of 1.30. During 2022, the City achieved a 5.32 bond coverage ratio which exceeded the 1.10 required by the bond ordinance. For fiscal year 2023, the bond coverage ratio is projected at 3.93.

Most recently in FY22-23, the grant award received was \$331,342 to continue to operate a multi-agency task force that targets automobile thefts and burglaries. The police department will continue to be the managing agency with participation from the cities of Burleson, Kennedale, Midlothian, Alvarado and the Tarrant County Constable Precinct 7. Additionally, The Task Force will provide law enforcement assistance related to the grant activities to all law enforcement agencies within Ellis and Johnson Counties.

The grant will fund personnel, travel, and supplies and operating expenses for FY23-24. The grant will require a 20% cash match that will be shared with each participating law enforcement agency receiving grant funds.

Resolution - A Resolution Authorizing the Purchase of Property Located at 620 W. Broad Street for the Walnut Creek Linear Park Trail System

Requested Action

Approve Resolution to Purchase Property Located at 620 W. Broad Street

Recommendation

Approve Resolution

Description/History

The 2020 Parks, Recreation, Open Space and Trails Master Plan included a spine trail phasing and prioritization plan with four phases of development for the Walnut Creek Linear Park (WCLP) system. Phase 1 from Main Street to Hwy 287 was completed in 2007. Phase 2B was completed in 2020 and Phase 3A was completed in 2021. Phase 3B is currently in the design phase.

Phase 4 of the WCLP system will begin at Main Street in Town Park and continue west towards the city limits. As with the other phases, the acquisition of land along Walnut Creek is needed to provide the corridor for the linear trail development. In December 2015, the Mansfield Park Facilities Development Corporation issued revenue bonds for constructing, improving, equipping and acquiring land for the Mansfield Linear Park Project.

The proposed acquisition includes approximately 1.986 acres of land located at 620 W. Oak Street out of the property's 12.061 acres. The remaining 10.075 acres will remain in the possession of the sellers. The negotiated purchase price of the property is \$29,790. In addition, the MPFDC will be responsible for installing a perimeter fence along the new property boundary, the associated closing costs and any prorated taxes due to the Tarrant Appraisal District, as well conducting and providing two surveys to the sellers. The MPFDC Board of Directors approved the property purchase at their regular meeting on April 20, 2023.

Justification

This private property is in the floodway/floodplain along Walnut Creek. The property acquisition is necessary for the progression and development of the Walnut Creek Linear Park trail extension from Town Park to the western city limits.

The preliminary call received 465 applications totaling \$1.7 billion dollars in funding requests. TxDOT anticipates receiving \$250 million dollars in funding for this call.

The proposed project for this application is to develop an Active Transportation and Safety Plan for Mansfield's pedestrian and bicycling needs. The plan will include a detailed inventory of all pedestrian and bicycle infrastructure within the city's public right-of-way; engage the public and stakeholders; analyze and conduct safety assessments of existing conditions and needs; and develop a prioritized action plan and ADA Transition plan. The estimated cost for this effort is approximately \$650,000, with 80% of the cost funded by the federal program. The city is obligated for 20% of the cost.

The detailed application final submittal date is June 5. Final decisions by TxDOT are anticipated in the Fall of 2023. The attached resolution contains specific language required by TxDOT concerning the city covering non-reimbursable cost and cost overruns that was not included in Resolution #3661-23.

Justification

The proposed Action Plan will set a detailed course for improvements to our pedestrian and bicycling transportation network. It will put Mansfield in compliance with the ADA Transition planning requirement for our public right-of-way. A well-prepared Safety Plan is also a

File Number: 23-5336

necessary component to apply for many other significant grant opportunities for future projects identified in the final report. The updated resolution contains language specified by TxDOT.

Funding Source

Identifying the funding source is not necessary currently. Funding will be discussed if the project is selected.

SECTION 2: INTRODUCTION

2.1 Authority and Purpose

The City created the Zone using the authority under the Act to designate a contiguous or noncontiguous geographic area within the corporate limits or extraterritorial jurisdiction of the City as a tax increment reinvestment zone to promote development or redevelopment of the area because the City Council determined that development or redevelopment would not occur solely through private investment in the reasonably foreseeable future, that the Zone is economically feasible, and that creation of the Zone was in the best interest of the City and the property in the Zone. The purpose of the Zone is to facilitate such development or redevelopment by financing the costs of public works, public improvements, programs, and other projects benefiting the Zone, plus other costs incidental to those expenditures, all of which costs are authorized by the Act.

2.2 Eligibility Requirements

An area is eligible under the Act to be designated as a tax increment reinvestment zone if the area:

- substantially arrests or impairs the sound growth of the municipality designating the Zone, retard the provision of housing accommodations, or constitutes an economic or social liability and is a menace to the public health, safety, morals, or welfare in its present condition; or
- 2) is predominantly open or undeveloped and, because of obsolete platting, deterioration of structures or site improvements, or other factors, substantially impairs or arrests the sound growth of the City; or
- 3) is in a federally assisted new community located in the City or in an area immediately adjacent to a federally assisted new community; or
- 4) is in an area described in a petition requesting that the area be designated as a reinvestment zone, if the petition is submitted to the governing body of the City by the owners of property constituting at least fifty percent (50%) of the appraised value of the property in the area according to the most recent certified appraisal roll for the county in which the area is located.

The City cannot, however, designate a zone if more than thirty percent (30%) of the property in the proposed zone, excluding property that is publicly owned, is used for residential purposes, or if the total appraised value of taxable real property in the proposed zone and in existing reinvestment zones exceeds fifty percent (50%) of the total appraised value of taxable real property in the City and in industrial districts created by the City.

2.3 The Zone

The Property within the Zone is currently located within the corporate limits of the City. The Property is underdeveloped, and substantially impairs and arrests the sound growth of the City. Due to its size, location, and physical characteristics development would not occur solely through private investment in the foreseeable future. The Property lacks public infrastructure and requires economic incentive to attract development for the purpose of providing long-term economic benefits including, but not limited to, increased real property tax base for all taxing units in the Zone. If the Public Improvements are financed as contemplated by this Amended Plan, the City envisions that the Property will be developed to take full advantage of the opportunity to bring to the City, and County, a quality development.

2.4 Preliminary Plan and Hearing

Before the City Council adopted the Creation Ordinance, the City Council prepared the Preliminary Plan in accordance with the Act and held a public hearing on the creation of the Zone and its benefits to the City and to the Property, at which public hearing interested persons were given the opportunity to speak for and against the creation of the Zone, the boundaries of the Zone and the concept of tax increment financing, and at which hearing the owners of the Property were given a reasonable opportunity to protest the inclusion of their Property in the Zone. The requirement of the Act for a preliminary reinvestment zone financing plan was satisfied by the Preliminary Plan, the purpose of which was to describe, in general terms, the development of the Zone, and the economic incentive that would be undertaken by the Zone. A description of the uses of the Property is located in **Exhibit F**, and confirmed by the adoption of this Amended Plan.

2.5 Creation of the Zone

Upon the closing of the December 13, 2006 public hearing, the City Council approved the Creation Ordinance and made the following findings:

- 1) that development or redevelopment of the Property would not have occurred solely through private investment in the reasonably foreseeable future, and
- 2) that the Zone was feasible, and
- 3) that improvements in the Zone would significantly enhance the value of all the taxable real property in the Zone and would be of general benefit to the City, and
- 4) that the Zone met the eligibility requirements of the Act.

Among other provisions required by the Act, the Creation Ordinance appointed the Board.

2.6 Council Action

2.6.1 Final Project and Finance Plan

On November 28, 2007, the City Council approved Ordinance No. OR-1655-07, adopting a Final Plan for the Zone.

2.6.2 County Participation in the Zone

On February 26, 2008, the City Council and Tarrant County entered into the Tarrant County Participation Agreement, and Tarrant County followed with approval of the Agreement at their February 26, 2008 meeting. The Tarrant County Participation Agreement details Tarrant County's participation in the TIRZ Fund to a term of 25 years beginning January 1, 2006 and ending December 31, 2031, in an amount not to exceed \$22,950,000.

On August 27, 2007, the City Council and Ellis County entered into the Ellis County Participation Agreement, and Ellis County followed with approval of the Ellis County Participation Agreement at their August 27, 2007 meeting. The Ellis County Participation Agreement details Ellis County's participation in the TIRZ Fund to a term of 24 years beginning January 1, 2006 and ending December 31, 2030.

2.6.3 Amended Plan

On April 10, 2023, the Board reviewed, and recommended to the City Council this Amended Plan, which amends and restates the Final Plan in its entirety. The City Council shall consider this Amended Plan and upon an authorizing ordinance, pursuant to which the City will contribute the City TIRZ Increment into the TIRZ Fund to fund the Project Costs benefiting the Zone.

2.6.4 Boundary Amendment

On April 10, 2023, the City Council approved Ordinance No. ____, which added certain property from the Zone.

2.6.5 Boundary Amendment

On May 8, 2023, the City Council approved Ordinance No. ____, which added certain property from the Zone, as identified on **Exhibit H**.

SECTION 3: DESCRIPTION AND MAPS

3.1 Existing Uses and Conditions

The Property is primarily zoned Planned Development, Community Business District, Two-family Residential, Pre-Development District, Single-Family Residential, Light Industrial District. At the time of creation of the Zone, the Property was primarily undeveloped or underdeveloped, and there was no public infrastructure to support development. Development requires extensive public infrastructure that: (1) the City could not provide, and (2) would not be provided solely through private investment in the foreseeable future.

3.2 Proposed Uses

The proposed uses of the Property in the City include residential and commercial, as shown on **Exhibit G**.

3.3 Parcel Identification

The parcels identified on **Exhibit I** provide sufficient detail to identify with ordinary and reasonable certainty the territory included in the Zone.

SECTION 4: PROPOSED CHANGES TO ORDINANCES, PLANS, CODES, RULES, AND REGULATIONS

The Property is wholly located in the corporate limits of the City and is subject to the City's zoning regulation. The City has exclusive jurisdiction over the subdivision and platting of the property within the Property and the design, construction, installation, and inspection of water, sewer, drainage, roadway, and other public infrastructure. No proposed changes to zoning ordinances, comprehensive plan, building codes, subdivision rules, or other municipal ordinances are planned.

SECTION 5: RELOCATION OF DISPLACED PERSONS

No persons were displaced and in need of relocation due to the creation of the Zone or shall be due to the implementation of this Amended Plan.

SECTION 6: NON-PROJECT COSTS

Non-Project costs are costs that were spent to develop in the Zone but were not financed by the Zone, and were financed by other funds. The list of non-project costs is shown on **Exhibit B**, and were estimated to be approximately \$752,020,000.

SECTION 7: PUBLIC IMPROVEMENTS

7.1 Categories of Public Improvements

All Public Improvements shall be designed and constructed in accordance with all applicable City standards and shall otherwise be inspected, approved, and accepted by the City. At the City's option, the Public Improvements may be expanded to include any other category of improvements authorized by the Act.

7.2 Location of Public Improvements

The estimated locations of the proposed Public Improvements are depicted on **Exhibit F**. These locations may be revised and refined, with the approval of the Board, from time to time without amending this Amended Plan.

SECTION 8: PROJECT COSTS

8.1 Project Costs

The total Project Costs are estimated to be \$151,453,049, as shown below and detailed on **Exhibit C**. The Public Improvements are estimated to be \$151,082,537, the Administrative Costs are estimated to be \$370,512.

i. Administrative Costs

The Administrative Costs are estimated to be \$10,000 per year beginning 2023 and escalating at two percent (2%) thereafter. The Administrative Costs shall be paid each year from the TIRZ Fund before any other Project Costs are paid.

ii. Public Improvements

The total Public Improvements are estimated to be \$151,082,537, as shown on **Exhibit C**.

8.2 Estimated Timeline of Incurred Costs

The Administrative Costs will be incurred annually through the remaining duration of the Zone. It is estimated the Public Improvements will be incurred between 2023 and 2050, as shown on **Exhibit D**, and funded annually over the remaining term of the Zone.

SECTION 9: FEASIBILITY STUDY

The Feasibility Study, as shown on **Exhibit E**, focuses on only direct financial benefits (i.e. ad valorem tax revenues from the development of Public Improvements in the Zone). Based on the

Feasibility Study, during the term of the Zone, new development (which would not have occurred but for the Zone) will generate approximately \$285,862,095 in total new real property tax revenue for the participating taxing entities. Approximately \$155,553,019 will be deposited into the TIRZ No. 1 Fund to pay for the Project Costs over the life of the Zone. The remaining real property tax revenue over that period, estimated at \$130,309,076 shall be retained by the participating taxing entities.

The Feasibility Study shows the cumulative City TIRZ Increment is estimated to be \$151,573,467, which will be available to pay a portion of the Project Costs, until the term expires or is otherwise terminated. The remainder of the new City real property tax revenue generated within the Zone and retained by the City is estimated to be \$81,616,482 over the term.

The Feasibility Study shows the cumulative Tarrant County TIRZ Increment is estimated to be \$3,254,606, which will be available to pay a portion of the Project Costs, until the term expires or is otherwise terminated. The remainder of the new Tarrant County real property tax revenue generated within the Zone and retained by Tarrant County is estimated to be \$38,980,623 over the term.

The Feasibility Study shows the cumulative Ellis County TIRZ Increment is estimated to be \$724,946, which will be available to pay a portion of the Project Costs, until the term expires or is otherwise terminated. The remainder of the new Ellis County real property tax revenue generated within the Zone and retained by Ellis County is estimated to be \$9,711,970 over the term.

One hundred percent (100%) of all taxing revenues generated for other taxing entities by the new development within the Zone will be retained by the respective taxing entities. Based on the foregoing, the feasibility of the Zone has been demonstrated.

SECTION 10: ESTIMATED BONDED INDEBTEDNESS

No tax increment reinvestment zone bonds or public indebtedness by the City secured by the tax increments pursuant to the Act, is contemplated.

SECTION 11: APPRAISED VALUE

11.1 Tax Increment Base

The Tax Increment Base of the Zone is \$81,985,302, and shall be confirmed by the Appraisal Districts. The portion of the Tax Increment Base within Tarrant County is \$78,623,016, within Ellis County is \$190,665, and within Johnson County is \$3,171,621. Each year, the Appraisal Districts

shall confirm the current Captured Appraised Value. The taxable value of the Zone as of Tax Year 2022 is \$947,513,109.

11.2 Estimated Captured Appraised Value

It is estimated that upon the proposed expiration of the term of the Zone, the total Captured Appraised Value of taxable real property in the Zone will be approximately \$1,692,539,847 as shown on **Exhibit E**. The actual Captured Appraised Value, as certified by the Appraisal Districts, for each year, will be used to calculate the annual City TIRZ Increment, the Tarrant County TIRZ Increment, and Ellis County TIRZ Increment, pursuant to this Amended Plan and the respective participation agreements.

SECTION 12: METHOD OF FINANCING

12.1 TIRZ No. 1 Fund Contributions

This Amended Plan shall obligate the City to deposit the City TIRZ Increment into the TIRZ No. 1 Fund. For example, in FY 2023, the City's ad valorem tax rate was \$0.6800 per \$100 of taxable value, therefore the City would contribute \$0.4420 per \$100 of the Captured Appraised Value in the Zone levied and collected, into the TIRZ No. 1 Fund.

The Tarrant County Participation Agreement shall obligate Tarrant County to deposit the Tarrant County TIRZ Increment into the TIRZ Fund beginning in 2006. For example, in FY 2022, Tarrant County's ad valorem tax rate was \$0.2240 per \$100 of taxable value, therefore Tarrant County would contribute \$0.0672 per \$100 of the Captured Appraised Value in the Zone levied and collected, to the TIRZ Fund. Tarrant County's maximum contribution to the TIRZ No. 1 Fund is \$22,950,000, pursuant to the Tarrant County Participation Agreement.

The Ellis County Participation Agreement shall obligate Ellis County to deposit the Ellis County TIRZ Increment into the TIRZ Fund beginning in 2023. For example, in FY 2022, Ellis County's ad valorem tax rate was \$0.2730 per \$100 of taxable value, therefore Ellis County would contribute \$0.0819 per \$100 of the Captured Appraised Value in the Zone levied and collected, to the TIRZ Fund.

All payments of Project Costs shall be made solely from the TIRZ Fund and from no other funds of the City, Tarrant County, or Ellis County unless otherwise approved by their respective governing bodies. The TIRZ Fund shall only be used to pay the Project Costs. The City may amend this Amended Plan in compliance with the Tarrant County Participation Agreement and the Ellis County Participation Agreement, including but not limited to what is considered a Project Cost.

12.2 Funding Mechanisms

All payments of Project Costs shall be made solely from the TIRZ No. 1 Fund and from no other funds of the City, Tarrant County or Ellis County, unless otherwise approved by its respective governing bodies. The TIRZ No. 1 Fund shall only be used to pay the Project Costs. The City may amend this Amended Plan in compliance with the Tarrant County Participation Agreement, the Ellis County Participation Agreement, and the Act, including but not limited to what is considered a Project Cost.

SECTION 13: DURATION OF THE ZONE, TERMINATION

13.1 Duration

The stated term of the Zone commenced upon the execution of the Creation Ordinance and shall continue until December 31, 2050, with the last increment being due by January 31, 2051, unless otherwise terminated or extended in accordance with the Creation Ordinance, or the Act.

13.2 Termination

The Zone shall terminate on the earlier of (i) December 31, 2050, or (ii) at such time that the Project Costs have been paid in full. If upon expiration of the stated term of the Zone, the obligations of the Zone have not been fully funded by the TIRZ No. 1 Fund, the City, Tarrant County, and Ellis County shall have no obligation to pay the shortfall and the term shall not be required to be extended. Nothing in this section is intended to prevent the City, Tarrant County, or Ellis County from extending the term of the Zone in accordance with the Act.

Title

Ordinance - Public Hearing and First and Final Reading on an Ordinance of the City Council of the City of Mansfield, Texas, Designating a Certain Area as a Tax Abatement Reinvestment Zone for Commercial Industrial Tax Abatement within the City of Mansfield, Texas; Establishing the Boundaries thereof and Other Matters Related Thereto; Providing a Severability Clause; Providing a Repealer Clause; and Providing for an Immediate Effective Date

Requested Action

Consider approving the Ordinance.

Recommendation

City staff recommends approving the ordinance.

Description/History

As part of the Crystal Window and Door Systems project on the "mushroom property", the company is working with amending the site boundaries with adjacent property owners in order to ensure the most efficient layout of the site. Because Reinvestment Zone #46 was created last November 2022, the extra property being utilized going forward, some of the property was inadvertantly left out. So, this Reinvestment Zone #47 is required to pick up the additional property for Crystal Window and Door Systems' project.

City Council Priorities

Develop a Strong Economy

Justification

The establishment of the zone is required to implement an already approved economic development agreement in place between the MEDC, City, and Company.

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF MANSFIELD, TEXAS, DESIGNATING A CERTAIN AREA AS A TAX ABATEMENT REINVESTMENT ZONE FOR COMMERCIAL-INDUSTRIAL TAX ABATEMENT WITHIN THE CITY OF MANSFIELD, TEXAS; ESTABLISHING THE BOUNDARIES THEREOF AND OTHER MATTERS RELATED THERETO; PROVIDING A SEVERABILITY CLAUSE; PROVIDING A REPEALER CLAUSE; AND PROVIDING FOR AN IMMEDIATE EFFECTIVE DATE

WHEREAS, the City Council of the City of Mansfield, Texas (sometimes hereinafter referred to as the "City") desires to promote the development or redevelopment of a certain contiguous geographic area within the City by the creation of a reinvestment zone for commercial-industrial tax abatement, as authorized by Chapter 312 of the Texas Tax Code, as amended; and,

WHEREAS, a public hearing before the City Council of the City was scheduled and held on May 8, 2023, such date being at least seven (7) days after the date of publication of the notice of such public hearing, pursuant to Section 312.201(d) of the Texas Tax Code, as amended; and,

WHEREAS, the City Council held such public hearing after publishing notice of such public hearing, and giving written notice to all taxing units overlapping the territory inside the proposed tax abatement reinvestment zone; and,

WHEREAS, the City at such public hearing invited any interested person to appear and speak for or against the creation of the tax abatement reinvestment zone, the boundaries of the proposed tax abatement reinvestment zone, whether all or part of the territory should be included in such proposed tax abatement reinvestment zone, and the concept of tax abatement.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MANSFIELD, TEXAS, THAT:

SECTION 1.

The findings set forth above are incorporated into the body of this Ordinance as if fully set forth herein.

SECTION 2.

The City, after conducting such public hearing and having heard such evidence and testimony, has made the following findings and determinations based upon the testimony presented: That a public hearing on the adoption of Tax Abatement Reinvestment Zone No. 47 has been properly called, held and conducted, and that notice of such hearing has been published at least seven (7) days before the hearing in a newspaper of general circulation within the City, and mailed to all property taxing units overlapping the territory inside the proposed Tax Abatement Reinvestment Zone at least seven (7) days prior to the public hearing; and

- Page 2 of 3
- That the boundaries of Tax Abatement Reinvestment Zone No. 47 should be the area as described (a) in Exhibit A, which is attached hereto and incorporated herein for all purposes; and
- (b) That Tax Abatement Reinvestment Zone No. 47 as described in the attached Exhibit A meets the criteria for the creation of a tax abatement reinvestment zone as set forth in Section 312.202(a) of the Texas Tax Code, as amended, and in particular Section 312.202(a)(6) of the Texas Tax Code, in that it is "reasonably likely as a result of the designation to contribute to the retention or expansion of primary employment or to attract major investment in the zone that would be a benefit to the property and that would contribute to the economic development of the City"; and
- (c) That Tax Abatement Reinvestment Zone No. 47 as described and/or depicted in Exhibit A meets the criteria for the creation of a tax abatement reinvestment zone as set forth in the City's tax abatement guidelines and criteria; and
- That the improvements proposed for Tax Abatement Reinvestment Zone No. 47 are feasible and (d) practical and would be a benefit to the land and to the City after the expiration of any tax abatement agreement.

Synopsis

The applicant is requesting a SUP for the storage of recreational vehicles. The request is to accommodate the expansion of two (2) existing buildings and to accommodate the construction of a new building for additional storage.

Staff Analysis

The subject property consists of approximately 6.009 acres of land being used as Eagle Boat and RV Storage located at 845 South Holland Road. There are currently four (4) existing structures on the property: an office building at the front and three (3) buildings used to store recreational vehicles and boats towards the rear. The applicant would like to increase two (2) of the existing buildings by approximately 4,000 and 4,200 square feet -- respectively --- and to construct a new building containing 6,400 square feet of space. The new building is proposed to be located at the rear of the lot --- and close to Seeton Road. If the applicant's request is approved it would result in the property having five (5) buildings.

Site Plan

The applicant's site plan (Exhibit B) shows the layout of the site with the additions on the two existing buildings towards the rear of the lot. It also depicts a new building in the southeast corner of the lot, which would add approximately 11 more covered parking spaces.

Building Elevations

The applicant has provided elevations drawings (Exhibit C) showing that the additions and the new building will match the existing metal buildings that exist on the site today. Floor plans have been provided indicating how many additional storage spaces will be in each building.

Landscape Plan

The Landscape Plan is shown in Exhibit D. There is an existing wrought iron fence along the entire south property line along Seeton Road and half of the west (front) property line with existing trees. The applicant is proposing supplement the entire length of the wrought iron fence with shrubbery an additional six (6) feet in height in order to create a living screening wall to mask the business and its operations from the public right-of-way and adjacent properties.

Signage

Signage will comply with the C-2, Community Business District regulations. The applicant is not proposing any additional signage with this SUP application.

Summary

The purpose of an SUP is "to provide for uses that require special consideration in certain settings or are of a public or semi-public character often essential or desirable for the general convenience and welfare of the community, which without specific consideration may have possible adverse impact on neighboring properties."

File Number: 23-5341

Presently, the business has been located on this property --- and in operation --- since 2012. Prior to 2015, an SUP was not required for storage for recreational vehicles within the I-2, Heavy Industrial District. Amendments to Permitted Uses --- as entitled in Section 155.054 of the Mansfield Code of Ordinances --- in 2015 required the approval of a SUP in order to expand the use (e.g., building footprints and operations).

The facility currently has recreational vehicles parked outside in the area that is proposed to consist of new covered spaces. Approval of the proposed SUP would not allow for the transition of these uncovered recreational vehicles into a building, but it would visually screen the vehicles at the completion of construction. The added landscape and related visual screening elements will also improve the existing aesthetics of this development.

Ordinance - First and Final Reading on an Ordinance Approving, Abandoning and Vacating Certain Portions of a 30 foot Easement for Railroad Spur on Property Owned by the City of Mansfield and Identified as Lot 1, Blk 50, Hillcrest Addition, Ninth Installment, in the City of Mansfield, Tarrant County, Texas; Declaring that such Easement Is Unnecessary for use by the Public; Authorizing this Ordinance to be Filed in the Official Public Deed Records of Tarrant County, Texas; Providing a Severability Clause; and Providing for an Effective Date

Requested Action

To approve the ordinance.

Recommendation

That the City Council approve the ordinance.

Description/History

Review and Consideration of a Request to Approve Modifications to the Trike Investors Planned Development (PD) District and Development Plan; Winstead PC, Applicant, Lonestar Striker, LLC, Owner (ZC#17-009A)

Requested Action

To review and consider proposed modifications to the approved Development Plan

Recommendation

The Department of Planning and Development Services recommends that the proposed modifications to the approved Development Plan be remanded to the Planning and Zoning Commission for further review and consideration prior to the City Council reviewing, considering, and taking any possible action on this request.

Synopsis

The applicant is requesting approval to modify the approved development plan for Area B of the Trike Investors PD, Planned Development District with respect to the site layout and the mix of uses. Considering that this modification has the potential to "change traffic patterns" and may "result in any increase in external impact on adjacent properties or neighborhoods" it is subject to review by the City Council.

Description/History

The Trike Investors PD, Planned Development District is intended to support mixed-use development on a 46.08-acre tract of land. As originally envisioned, the property was to be developed --- and to exist --- in accordance with the vision articulated within the 2012 Mansfield Land Use Plan by providing "attractive, inviting, imaginative, high quality and functional neighborhoods."

As currently written, the Trike Investors PD, Planned Development District standards are administered to and applied across a variety of residential products and commercial opportunities. It should be noted that the various residential product types include single-family residences, townhomes, brownstones, and multi-family dwellings.

The development is primarily guided by two (2) plans --- the Regulating Plan and the Development Plan. The Regulating Plan shows the Character Zones (e.g., Residential Transition, Urban Residential, and Hybrid Commercial) within the planned development. The Character Zones are subject to the regulations set forth in Section 3.E., entitled "Character Zone Development Standards' within the Trike Investors PD, Planned

File Number: 23-5342

Development District. Any portion of Area B not used for Urban Residential use may consist of Residential Transition and/or Hybrid Commercial uses and standards.

Under the currently approved development plan, Area B (also identified as the Urban Residential Zone) is a 14.99-acre tract within the planned development. The approved list of uses for Area B are:

- Approximately 275 multi-family dwelling units;
- Approximately 12 brownstones; and
- Approximately 40,000 square feet of retail/commercial uses.

The applicant requests approval from the City Council to substantially modify the site layout and the site design of Area B as shown on the revised Site Plan. The type of land uses remains the same as the approved plan, but with the following intensities:

- 275 multi-family dwelling units;
- 12 brownstones; and
- 10,108 square feet of retail/commercial

Site Plan

The revised development plan includes a new building layout, with three (3) multi-family buildings generally occupying the central and eastern portions of Area B. A regional detention pond has been created at the northern portion of Area B.

Summary

There are some elements of the proposed modifications that do align with the community's vision for growth and development along the U.S. Highway 287 Corridor; however, the entirety of the proposed modifications are not entirely consistent with this vision nor realize the vast economic potential of this corridor.

While discretion to review, consider, and take possible action on the proposed modifications are at the sole option of the City Council, it is recommended that the request be remanded to the Planning and Zoning Commission for further review and consideration.

1. Development Narrative

The property owners of the +/- 46.08 Trike Investors property at the intersections of Main Street, Lone Star Drive and US 287 request a change of zoning from C-2 Community Business District and PR - Pre-Development District, to PD – Planned Development. The PD zoning will be a more appropriate fit for this property to serve as a node of activity for the existing and emerging surrounding neighborhoods, provide a mix of uses on site, and serve as an attractive gateway into Mansfield.

The development will serve to implement the vision given in the 2012 Mansfield Land Use Plan by providing "attractive, inviting, imaginative, high quality and functional neighborhoods" (Goal 1). Throughout the country vibrant neighborhoods have a range of uses and housing types. This is reinforced in the City's Land Use Plan when it states in the strategy section to "Provide a variety of housing to meet the needs of all residents, including seniors, empty nesters, young professionals and families" (Strategy 1.6). Furthermore, in certain areas Mansfield, as stated in Strategy 1.7, the Land Use Plan allows for "higher-density, single and multi-family housing along major arterials and near commercial activity centers."

Applicant understands the balance between the context of existing development, what is emerging and what the long term vision for Mansfield. An attempt to balance the mixed use nature of the site that anticipates the need for a transition between anticipated single family residential with what the Land Use Plan calls for in Strategy 6.2 "buffer zoning such as medium density (5 units per acre and greater)"

The property is planned to have a mixture of residential housing types as well as a range of retail types. The PD consists of three Character Zones in four distinct areas- shown on Exhibit C.2 – Regulating Concept Plan. Area A consists of +/- 60 small lot single family lots. Area B is approximately 275 multi-family units with any unused portion consisting of single family transition and/or commercial. Area C is walkable format retail centered on a shared open space and larger format retail facing Main Street. Area D is a hybrid of storefront walkable retail and a more conventional retail format with highway and arterial frontage.

Despite frontage on three major roadways the site has significant access challenges and is at a transition point for land uses. The US 287 frontage road is not built yet, without a certain timeline for construction, which necessitates primary access from Main Street. Eventually Main Street will be a slower speed entrance into Downtown however at the moment it remains a higher speed arterial and this proposed PD anticipates both the existing and anticipated context. Applicant recognizes the importance of the site to provide a visual entrance and sense of arrival for the City of Mansfield in general and serve as a gateway from the south towards Downtown.

The vision for the site is to serve as a transition between conventional size single family to the north through small lot single family and medium density multi-family. The residential on site and in surrounding neighborhoods will benefit from the walkable, neighborhood scale retail centered on a common open space and the neighborhood scale streets with on-street parking and street trees. The portion of the site with the most highway visibility will serve the larger area for more conventional retail and commercial services.

The PD seeks to ensure special attention of building design. The PD anticipates general compliance with the Community Design standards for the commercial and multi-family areas. Additionally, the

multi-family buildings with ground floor street frontage will be encouraged to have front doors, stoops or patios facing towards the street to provide a sense of liveliness consistent with walkable streets. Furthermore urban design details such as sidewalks required on all internal walkable streets and a trail connection will be made in the direction of Downtown along Main Street. Small pocket parks that in some cases accommodate periodic storm water detention are distributed throughout the site. Some detention areas also double as landscape buffers, and in some areas the detention areas may be active wet ponds to serve not only a utilitarian purpose but also serves as an amenity.

The proposed PD zoning will achieve a mix of uses that are market driven, will ensure quality development and will have a positive impact on the city's property and sales tax base.

2. Administration

A. Applicability

The requirements of these Standards are mandatory and all development on land located within the boundaries of this Planned Development District must adhere to the rules and regulations set forth herein. The proposed development will be in complete accordance with the provisions of the approved Planned Development District and that all Development Plans recorded hereunder shall be binding upon the applicant thereof, his successors and assigns, and shall limit and control all building permits.

B. Conflicting Regulations

Except as provided by these Standards, development within the Planned Development District is governed by City regulations. In the event of any conflict or inconsistency between these Standards and the applicable City regulations, the terms and provisions of these Standards shall control. Building codes, life safety codes, and Federal and State regulations take precedence where a standard requires or recommends actions that are in conflict with such codes and regulations.

C. Regulating Concept Plan

The Regulating Plan defines the areas and locations of the Zones for regulatory purposes. The Regulating Plan and Zone Standards are included as a part of this Planned Development in Section 3, and identify the rules for development.

D. Development Procedure

To develop a portion of the Planned Development District, or the entire District, the Applicant shall meet with the Plan Review Committee (PRC) for preliminary review and comment. Any portion of the District may be developed, and may be developed in any order. The PRC shall indicate if any of the following procedures may be modified or omitted. A Preliminary Plat, Site Plan, and Final Plat must be submitted and approved prior to obtaining a building permit.

E. Simultaneous Submittal

A Preliminary Plat and Site Plan Submittal may be submitted for simultaneous review and approval.

F. Development Site Plan

Approval of the zoning for the Trike Investors PD shall not require simultaneous approval of the Development Plan for the Trike Investors PD; provided, however, no plat shall be approved or building permit issued for development in the Trike Investors PD until the Development Plan has been submitted for review and recommendation from the Planning and Zoning Commission and approval by the City Council. The purpose of the Development Plan review for the Trike Investors PD is to achieve the individualized site development review that would normally be accomplished under planned development district zoning at the time the initial zoning decision was made. In reviewing the Development Plan submitted pursuant to this provision the Planning and Zoning Commission and City council will be reviewing the site development proposal for the following issues:

- Internal traffic circulation
- impact on external traffic circulation;
- site signage;
- building facades and articulation;
- compatibility of the site design with adjacent properties;
- internal landscaping;
- internal and external lighting impacts;

Recommendation of the Planning and Zoning Commission and approval of the Development Plan by the city council shall be by simple majority vote at a meeting without a public hearing. The development Plan application shall comply with the requirements of Article 5. Section 5100 F. of the City of Mansfield Zoning Ordinance. G. Minor Variations

Minor Variations may be granted per requirements in Zoning Ordinance Section 5100.

H. Private Deed Restrictions

Concurrent with a Site Plan Application that includes Single Family and/or Townhome/Brownstone lots, the Applicant will submit to the City Planning Department a copy of proposed Deed Restrictions applicable to the single family or townhome portion of the Planned Development District. The City's review of the Deed Restrictions is strictly limited to assurance that they conform to the performance standards specifically established herein, and not to impose additional design requirements.

At least 12 units of Townhome/Brownstones shall be constructed as a transition between Residential Transition and Urban Residential.

C. Illustrative Concept Plan (Exhibit D)

The Illustrative Concept Plan depicts a possible development scenario under these PD conditions. The Illustrative concept is meant to be illustrative only and is not regulatory. Thus, access, pedestrian connections, and parking locations may be located in different configurations as long as consistent with the Regulating Plan. Lots may be modified within the master block pattern of the Regulating Plan when the modification of the lotting pattern remains consistent with the block pattern and the PD Conditions herein.

Ordinance - Consideration of an Ordinance to Amend Chapter 155, "Zoning" to Revise the Definition of an Accessory Dwelling in Section 155.012; To Repeal Section 155.082(E)(7) in its Entirety; and to Revise Regulations Related to Accessory Dwellings in Section 155.099(B)(35); (OA#22-007)

Requested Action

To consider the proposed ordinance amendment

Recommendation

On December 5, 2022, the Planning and Zoning Commission continued the public hearing and discussed the proposed amendments for accessory dwelling units. During the discussion, the Commissioners requested that City Council consider providing additional opportunities to inform Mansfield's residents on the proposed changes to accessory dwelling units. The Commission made a motion to recommend approval of the amendments by the following vote:

Ayes: 3 - Goodwin, Gilmore, and Thompson

Nays: 2 - Axen and Mainer
Absent: 2 - Groll and Shaw

Staff recommends that the proposed ordinance amendment be tabled indefinitely.

Description/History

The applicable regulations as found in Section 155.012 (Definitions), in Section 155.082 (Special Exception), and Section 155.099 (Special Conditions) of the Zoning Ordinance for accessory dwellings limits opportunities for their construction and use throughout the community. As designed, the proposed amendments intend to enable and to encourage the construction of accessory dwellings in order to vastly increase land use efficiency; to nurture and sustain complete and lifelong neighborhoods; and to expand the supply and the options for housing without diminishing aesthetics and quality of life considerations.

The Planning and Zoning Commission held a public hearing on September 6, 2022, and recommended denial of the amendments as originally designed.

Those voting in favor of recommending denial were:

Ayes: 7 - Knight, Mainer, Gilmore, Goodwin, Weydeck, Groll, and Axen

File Number: 22-4885

Nays: 0

After receiving the recommendation from the Planning and Zoning Commission, the City Council remanded the proposed amendments to the regulations for accessory dwellings back to the Planning and Zoning Commission on September 12, 2022.

On October 3, 2022, the Planning and Zoning Commission received a presentation from the Director of Planning on accessory dwellings. The Planning and Zoning Commission, at the request of the Director of Planning, provided guidance and direction on proposed amendments to the regulations for accessory dwellings.

The proposed amendments to the regulations for accessory dwellings intend to capture, and articulate the community's vision for increasing the supply and the options available for attainable housing. The proposed amendments reflect the guidance and direction as requested on October 3, 2022 from the Planning and Zoning Commission.

Proposed Amendments

As proposed, the following amendments to the provisions found in Chapter 155, Zoning, will provide heightened clarity and improved flexibility with respect to the construction of accessory dwelling units throughout the community's various zoning districts.

Section 155.012, Definitions.

Currently, *Dwelling, Accessory* is defined as "a dwelling unit accessory to and located on the same lot with the main residential building and used as living quarters by domestic servants or caretakers employed on the premises, temporary guests, or family members of the owner of the premises." This definition limits accessory dwellings from functioning as intended and increasing the supply and the options for attainable housing.

As proposed, the existing definition for *dwelling*, *accessory* would be deleted; and, in its place, a new definition for *Accessory Dwelling Unit (ADU)* would be provided.

The new definition for Accessory Dwelling Unit (ADU) would read as follows:

"ACCESSORY DWELLING UNIT (ADU). A dwelling unit that is subservient to a
 principal dwelling unit in size, location, and design, often located above garages
 or in independent buildings towards the rear of a lot. ADU's may be rented
 provided the property owner lives in the principal dwelling unit or, alternatively,
 the property owner may live in the ADU and rent the principal dwelling unit."

The new definition reinforces that (i) the property owner must reside on the lot and that (ii) the property owner may reside in either the principal dwelling unit or in the accessory dwelling unit.

Section 155.082(E)(7), Special Exception.

File Number: 22-4885

The provisions of Section 155.082(E)(7) allow the Zoning Board of Adjustment to review and to consider special exceptions for accessory dwellings. However, the provisions set forth in Section 155.082(E)(7) appear to limit the authority of the Board to only reviewing and considering special exceptions for accessory dwellings in the A, Agricultural District, the PR, Pre-Development District, and the SF, Single-Family Residential Zoning District that does not comply with the provisions in Section 155.099, Special Conditions. Given the frequency of new zoning districts --- and planned developments --- it is important for the community to have adjustments and other exceptions that can be applied equitably across the numerous zoning districts concerning accessory dwelling units. Towards that end, the proposed amendments include deleting the provisions in Section 155.082(E)(7) in their entirety will ensure this and a more predictable environment for interpreting and administering all accessory dwelling unit regulations.

Section 155.099(B)(35), Special Conditions.

The special conditions proposed for accessory dwelling units --- are intended to replace those currently existing in Section 155.099(B)(35). The proposed special conditions are also intended to provide heightened, but more flexible standards for both the design and construction of accessory dwelling units in diverse environments and settings.

A summary of some of the principal revisions to Section 155.099(B)(35) --- as proposed, are as follows:

- Accessory dwelling units are permitted by-right as an accessory residential use in all zoning districts as specified in Section 155.054, Permitted Uses (e.g., the A, Agricultural District, PR, Pre-Development District, SF, Single-Family Residential Zoning District, and PD, Planned Development District) and in the D, Downtown District, and the S, South Mansfield Form-based Development District.
- Accessory dwelling units may only be constructed in the following locations: (i) within the principal dwelling unit; (ii) above a free-standing garage; OR (iii) as an independent, free-standing accessory building or outbuilding.
- The habitable area of accessory dwelling units are limited to a maximum of 1,000 square feet or a maximum of 75 percent of the habitable area of the principal dwelling unit (the habitable area of an accessory dwelling unit is only calculated in terms of enclosed space, excluding garages and other roofed structures such as patios and porches).
- The total habitable area for an accessory dwelling unit is not permitted to exceed the habitable area of the principal dwelling unit on the same lot.
- Accessory dwelling units may not permitted be platted or sold separately from the principal dwelling unit.
- For any property permitted to have two (2) accessory dwelling units, the property owner is required to register the dwelling units with the Department of Regulatory

File Number: 22-4885

Compliance within 30 days of occupation.

- Accessory dwelling units are limited to a maximum of two (2) units per lot in the A, Agricultural District, PR, Pre-Development District, and SF-12 / 22 Single-Family Residential District.
- Accessory dwelling units and limited to a maximum of one (1) unit per lot in all other zoning districts, including in the PD, Planned Development District, except that a lot a minimum of 12,000 square feet in area may have two (2) units per lot.
- The maximum height of an accessory dwelling unit is two (2) stories.
- The aggregate habitable area of a principal dwelling unit and accessory dwelling unit(s) may not exceed the maximum lot coverage of the zoning district in which the property is located.
- The Director of Planning is authorized to make minor adjustments so that minor deviations may be resolved administratively. Minor adjustments are solely limited to dimensional adjustments that do not constitute a decrease of more than 20 percent for setbacks and architectural design of the accessory dwelling unit.
- Any property owner denied a permit for constructing an accessory dwelling unit under the provisions for accessory dwelling units may appeal to the City Council.
