Resolution - A Resolution Rejecting all Bids for Granular Activated Carbon Filter Media (GAC) and Authorizing the Issuance of a Best Value Bid for Such Services

Consider the attached resolution rejecting all bids received from the July 9th, 2020 bid opening.

Staff recommends approval of the attached resolution rejecting all bids and directing staff to re-bid GAC as a best value bid

The invitation to bid was advertised in the Fort Worth Star-Telegram, posted on the City of Mansfield website, and bid packets were e-mailed to known suppliers and companies that requested them. On July 9<sup>th</sup> at 2:00 P.M., three bids were received. After a review of the bids, staff believes that the delivery date specified in the bid package limited the Manufacturers' ability to provide competitive bids-three suppliers bid, with only one meeting the bid specifications without requesting exceptions.

I believe that modifying the bid specifications to allow for the bidders to provide competitive bids based on price as well as production and delivery capacity, will produce a more favorable outcome for the City.
