To consider the subject zoning change request.

The Planning and Zoning Commission held a public hearing on August 3, 2020 and voted by 6-0 to recommend approval.

The City Council held a public hearing and second reading on September 14, 2020 and voted 7-0 to approve the zoning change. During discussion, one Council member suggested that the applicant revise the request from SF-7.5/18 to a higher zoning classification or a PD for single-family residential uses. The applicant revised the request and submitted a development plan for Council's review.

The PD proposes the following:

Any homes built on the subject property must meet the current standards in Section 4600 of the Zoning Ordinance. This will include a minimum roof pitch of 8:12 on the prominent roof slope, no blank walls, 30 year laminated architectural shingles with a three dimensional appearance, and a well-defined front entry.
