Resolution - A Resolution Awarding a Contract for the Purchase of 1800 Feet of 16-Inch C-900 DR18 Water Pipe for the Extension of the S Main St Water Line to Fortiline Waterworks for an Amount not to Exceed \$158,533.72 (Utility Fund)

Consider the resolution authorizing funds for an amount not to exceed One Hundred Fifty-Eight Thousand Five Hundred Thirty-Three Dollars and Seventy-Two Cents Cents \$158,533.72 and approval of a contract with Fortiline Waterworks for the Purchase of 1800 Feet of 16-Inch C-900 DR 18 Water Pipe.

Staff recommends approval

Currently the 16-inch water line on S Main St ends 1800 feet from Lonestar Rd. System pressures have historically been low in this area.

Connecting both segments of 16-inch water line will allow the system to increase pressure for this area. This will also create a loop system that will give two different points of distribution.
