Discussion and Possible Action Regarding the Setup of the Annual Audit Committee

Creation of an Audit Committee

Staff recommends that the City Council of the City of Mansfield, Texas create an audit committee that would consist of the Mayor, Mayor Pro-Tem, and a rotating third member of the City Council.

The audit committee would serve as a communication link between the City's external auditors and the City Council. The audit committee would also provide an independent audit reporting structure along with additional insight and transparency.

The audit committee would provide members of City Council to discuss any issues with the external auditors without the constraints of a public meeting.
