---

Ordinance - First Reading of an Ordinance Amending Section 150.020 of the Code of Ordinance - Appointment of Member to the Construction Codes Board of Adjustments and Appeals

Staff recommends approval

City Council directed staff to make amendments to the ordinance that governs the number of members it may appoint to the CCBA. Additionally, city council directed staff to amend the number of licensed contractors and at large positions on the board.

After having discussions with the city attorney, it was determined that the changes being contemplated by city council were both legal and appropriate. Staff has made those changes and attached an amended ordinance to this legislative file for city council's consideration.

Due to the number of outstanding applicants for city boards and commissions this year, amendments are being recommended to the attached ordinance in order to allow for more residents to serve on this board.
