Staff Report, Board Discussion and Possible Action on Approval of MEDC FY20-21 Budget

Consider approval of the MEDC FY20-21 Budget

Approval of the MEDC FY20-21 Budget

Staff will be presenting the attached MEDC FY20-21 Budget to the Board for approval. The City is in the process of renegotiating employee health care benefits, so the Personnel Budget number may need to be revised. If that is the case, staff will present an amended budget for approval when the new number becomes available. This number is provided to us by the Finance Department.

Annual Budget

4A
